

The background is a solid dark blue. A large, faint, light blue circle is positioned on the right side, partially cut off by the edge. A vertical line of a slightly different shade of blue runs through the center of the circle.

Buzz Lighting

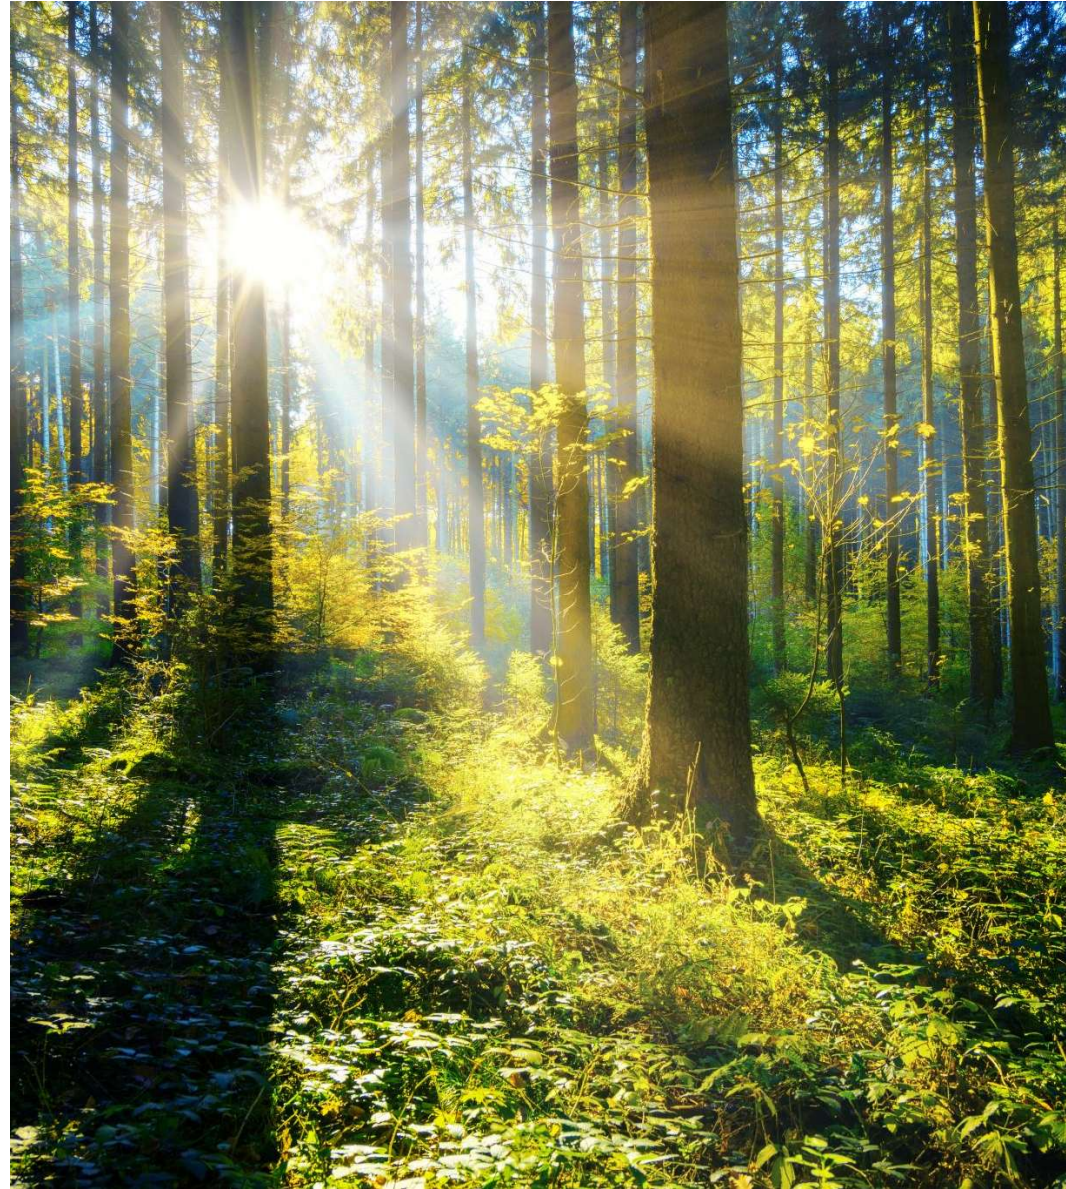

Plot In Progress

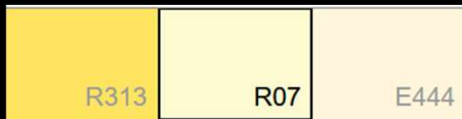

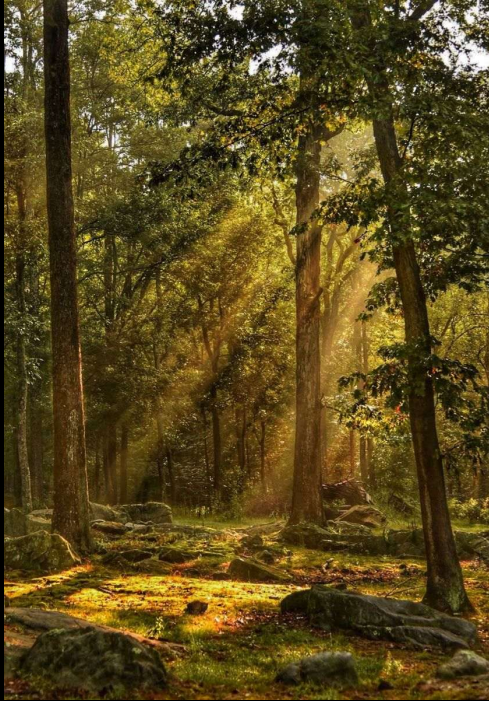

The Goal Here

Help define and combine reality and magic:

- Give a nice forest feel for the scenes with a stronger grounding in reality
- Then give a more fluffier pastel, safer feeling for the dreamier magical scenes
- Commit to the saturated, darker feel for when the hornet makes his presence known
